**Teoma Systems Inc. Announces Channel Partnership with Extreme Networks.**

TROY, MI – Teoma Systems Inc., a leader in IP Telephony and Systems Integration announces the addition of Extreme Networks as a convergence Partner. Teoma will resell Extreme Networks' data networking products and will provide comprehensive planning, design, implementation and management services support through Teoma Professional Services. Teoma Systems professional services provides a solutions based approach in deploying complex IP Telephony and applications over a common scalable infrastructure. "The addition of Extreme Networks as a convergence partner compliments customer internal operations while increasing **control** and reducing **risk**," adds **Mike Quarton, CEO of Teoma Systems.**

**About Teoma**

The company is located at 560 Kirts Boulevard, Troy, MI. Teoma Systems specializes in providing converged communication solutions across networks, systems, and applications. Teoma is also a Diamond Avaya channel partner.
